Postdoctoral Scholar Handbook

Provided by the UCI Office of Postdoctoral Affairs
Graduate Division

The purpose of this handbook is to provide a brief description of campus units that provide services and resources to UCI Postdoctoral Scholars. Reviewing this booklet enables the postdoctoral scholar to quickly acclimate to UCI and take advantage of its wealth of professional and personal development opportunities. Postdocs are encouraged to attend an orientation session and meet with the Postdoctoral Coordinator.

This booklet is available on the UCI Graduate Division-Postdoctoral Scholar/Orientation webpage

UCI Office of Postdoctoral Affairs (OPA)

Postdoctoral scholars play a vital role in supporting UCI's research mission. As such, UCI values their contributions to the campus and is committed to providing training and networking that helps them get to the next step in their careers.

The UCI Office of Postdoctoral Affairs (OPA) is housed within the Graduate Division. The OPA:

- provides campus orientation to incoming postdocs and serves as a resource to postdocs from all disciplines.
- informs postdocs of professional development training programs and workshops provided by the Graduate Resource Center and other campus entities.
- supports the development of successful mentoring networks between UCI faculty and postdoctoral scholars.
- maintains postdoctoral scholar records.
- advises and supports the UCI Postdoctoral Scholar Association (PDA).

Who’s Who

OPA Coordinator- Point of contact for postdoctoral scholars
Mary Frances Ypma-Wong, PhD  m.ypmwong@uci.edu
117 Aldrich Hall, 949-824-5196

OPA Director- Celina Mojica, PhD

Vice Provost and Dean of Graduate Division
Frances Leslie, PhD
Professor of Pharmacology, Anatomy & Neurobiology

Postdoc Orientation

Orientation is held quarterly at the Graduate Resource Center (GRC). Dates and details are provided on the GradDiv-Postdoc webpages.

Topics include:
- Postdoc Scholars Benefit Plan
- UCI Graduate Professional Success (GPS) Initiative
UCI Graduate Professional Success- GPS

The UC Irvine Graduate Division is committed to supporting graduate students and postdoctoral scholars in developing a strong professional identity and career plans. Working in partnership with several campus entities, our Graduate Resource Center offers activities organized around a wheel of seven themes:

![Wheel of Seven Themes]

**Individual Development Plan**

All postdoctoral scholars are strongly encouraged to conduct a self-assessment and establish plans for improving specific competencies during their UCI postdoctoral appointment by completing an **Individual Development Plan** (IDP) with their mentor. The IDP process will guide the postdoc on how to take advantage of UCI’s many resources. Postdocs are encouraged to meet with the OPA coordinator to delineate the resources which best support enacting the IDP. The [GradDiv-Postdoc Career Development webpage](#) contains links to several IDP templates.
Highlight Events for Postdoctoral Scholars

- Postdoctoral Scholar Appreciation Week is a national celebration held the third week of September. Both social and professional development events are provided.

- The UCI Annual Postdoc Symposium “Postdocs at the Forefront” is held in early Fall. The symposium includes “Ted-style” talks, poster sessions and a social hour.

- The Office of Postdoctoral Affairs and Postdoctoral Association (PDA) host several professional and social events throughout the year.

How to Stay Informed

- Read the Weekly Postdoc Post. This mid-week email contains information on upcoming events and pointers to maximize the postdoc experience
- Subscribe to the OPA Google calendar
- Bookmark the Postdoc Weekly Update webpage
- Bookmark the UCI Postdoctoral Association (PDA) webpage
- Join the PDA Facebook group
- Join the Postdoctoral Scholars and Scholar Alumni LinkedIn group
- Read periodic discipline specific emails regarding professional development, funding and employment opportunities
- Subscribe to desired UCI Today calendar feeds

Information for Postdoctoral Scholars is posted within the Graduate Division-Postdoctoral Scholar webpages
UCI Postdoctoral Association (PDA)

The UCI Postdoctoral Association (PDA) is committed to building a vibrant postdoctoral community at UC Irvine. They identify resources and create partnerships throughout campus, with the goal of enhancing the professional development of UCI postdocs.

The PDA is led by a board of postdocs who commit to a yearlong position during Spring quarter; however, responsibilities are shared to minimize the time commitment. The PDA board and OPA meet monthly and work together to provide numerous events for postdocs throughout the year. Participating on the PDA provides postdocs an opportunity to develop leadership skills and become involved in the UCI community.

PDA Board and Planning Meetings
All UCI Postdocs are invited to attend and plan events.
First Wednesday of the month- 5:30-7:00pm
Biological Sciences III, Rm 2120

Monthly Postdoctoral Scholar Picnic
Postdocs gather for an informal brownbag lunch the last Wednesday of every month. Dessert is provided.
11:45am-1:00pm in Aldrich Park
Exact location is announced via Postdoc Post & Postdoc Facebook page

Upcoming PDA events are included in the weekly Postdoc Post, and posted on the Postdoc Weekly Update webpage, the PDA website and PDA Facebook page. Examples include:

- Setting up your Own Lab
- Grant Management
- Combatting Imposter Syndrome
- Nonprofit/ government careers panel
- Optimizing Presentations
- Grant Writing Strategies
- Exploring the Field of Medical & Regulatory Affairs
- Mock Interview Practice
- Holiday Party
- Trip to Joshua Tree National Park
- Trip to Mount Baldy
- Halloween Pumpkin Carving
- Summer BBQ and International Potluck
- Beach Bonfires
- Bowling Parties
Postdoc Peer Support- Writing and Presentations

PoWER Groups

Postdoc Writing Editing and Review groups provide a quiet and productive atmosphere

- Organized to postdocs’ preferences and writing timelines.
- Motivate members to complete projects and meet deadlines.

Our current group meets every Friday, 8:30-10:30am, BioSci III, Rm 1120
New groups can be formed according to postdoc schedules. Contact Mary F. Ypma-Wong, m.ypmawong@uci.edu for more information.

FOCUS Seminar Series

The Postdoctoral Scholar FOCUS seminar series provides an opportunity for postdocs to choose the discussion format (e.g. research talk, teaching demo). Colleagues from a range of disciplines attend and give feedback.

Scheduled on the 3rd Thursday of the month from 12:00-1:00pm at Graduate Resource Center

Flexible: Postdocs determines the type of discussion or presentation.
Open: Non-hierarchical; creative discussions and feedback are encouraged.
Cross-discipline: Research is increasingly specialized, having interdisciplinary discussions opens up new avenues of thought.
Uplifting: Colleagues support each other and depart with innovative ideas.
Strategic: These sessions help all participants better strategize next steps.

Requirements

- Contact Mary Frances Ypma-Wong, m.ypmawong@uci.edu to be added to the presentation schedule.
- The presenter must bring at least one person to support the discussion.
- All discussions are confidential and not recorded, unless desired by the presenter.
Funding and Grant Writing Resources

Postdoctoral scholars often apply for funding in that supporting their own research is a worthy goal and learning to navigate the grant writing and application process is an important facet of career development. The OPA sponsors grant writing workshops; information about the workshops and resources are posted on the Graduate Division-OPA funding webpage.

Funding Resources

Resources to help postdoctoral scholars find and apply for funding

- 2018 Grant Writing Workshops for Postdoctoral Scholars
- UCI PoWER Groups- Postdoc Writing Editing & Review
- Grant Writing Support Documents
- Funding Databases and Select Fellowships
- Funding Announcements
- NIH Career Development Awards (K)
- NIH Ruth L. Kirschstein Postdoctoral Individual National Research Service Awards
- National Science Foundation Resources
- Nature Masterclasses- Online Certificate Course
- NIH Public Access Mandate- Compliance Training
Graduate Resource Center (GRC)

The Graduate Resource Center is supported by the Graduate Division. The GRC offers workshops and certificate programs designed to support the professional and personal development of graduate students and postdocs. GRC programs develop writing, communication and mentoring skills, and support wellness and work-life balance. Workshop topics include strategies to find and obtain funding, optimizing the CV and resume, refining interview and salary negotiation skills, and creating a personal brand. Postdocs can meet individually with a career counselor and writing consultants, and receive assistance preparing fellowship, grant and employment applications. Check the GRC website for quarterly schedule. Questions? Email grc@uci.edu or call 949-824-3849.

Division of Teaching Excellence and Innovation (DTEI)

The Division of Teaching Excellence and Innovation (DTEI) is part of the Office of the Vice Provost for Teaching and Learning (OVPTL). Their goal is to discover and communicate evidence-based practices that improve student learning. The following image summarizes some of the main DTEI offerings for postdocs; check their website for additional details about programs and services and join the mailing list to learn about new programs. Questions? Email DTEIdvelop@uci.edu or call 949-824-6060.
Center for the Integration of Research, Teaching & Learning

UCI-GPS-CIRTL is a partnership between Graduate Division and the Division of Teaching and Learning. Postdocs can participate in the program at several levels, depending on their interests and career goals. Postdocs can earn certificates which document mastery of CIRTL core ideas, including evidence-based teaching, diversity and teaching as research. Levels of participation are described on the UCI CIRTL website.

UCI Office of Research

The UCI Office of Research (OR) provides central campus administrative support for UCI’s research programs with several units facilitating campus research activities. The OR website includes information about facilities and services available to postdocs, research funding, research protection, integrity in research (RCR), training and education. The Institute for Clinical and Translational Science (ICTS) provides training and additional educational opportunities for postdocs.

UCI Applied Innovation

UCI Applied Innovation at “The Cove” facilitates connections between UCI and industry. Applied Innovationhost a myriad of guest speakers, events and programs of interest to entrepreneurial postdocs. Subscribing to the Applied Innovation listserve is the best way to receive updates.

UCI Data Science Initiative

The Data Science Initiative coordinates the activities of researchers and students across campus involved in various aspects of data science. The initiative includes courses in data science, including 1-day short courses on topics such as data analysis software (R, Python), data management, and predictive modeling, as well as a Data Science certificate from the Graduate Division. Subscribing to the DSI listserve to receive updates.

UCI GPS BIOMED

GPS-BIOMED is an NIH-funded program for UCI graduate students and postdocs in the biomedical sciences, and part of the campus-wide Graduate Professional Success (UCI-GPS) initiative. GPS BIOMED provides programming that introduces trainees to a variety of careers.
within the biomedical research workforce, and empowers them to become skilled researchers as well as polished professionals. Subscribing to the GPS BIOMED listserve is the best way to receive updates.

**UCI Sponsored Brews and Brains**

**Brew and Brains** is an informal meeting at a local restaurant every other Tuesday evening where UCI researchers from a wide range of disciplines discuss their latest research in an informal setting with other UCI affiliates and individuals from the community. If you are interested in being a speaker, contact info@brewsandbrains.com.

**UCI DECADE**

The **UCI DECADE** (Diverse Educational Community and Doctoral Experience) mission is to increase the recruitment and retention of diverse students receiving doctoral degrees at UCI. Postdocs can learn about the program on the Graduate Division DECADE webpages. Postdocs are invited to join the journal club which encourages scholarly discussion pertaining to issues of diversity in higher education. Postdocs are also invited to attend the DECADE speaker series.

**National Postdoc Association**

The **National Postdoctoral Association** (NPA) is a member-driven, nonprofit organization that provides a unique, national voice for postdoctoral scholars. Free membership includes a subscription to NPA’s quarterly newsletter (Postdocket), periodic e-mail alerts, and access to all member-only resources. You can sign up for a free affiliate membership using your UCI e-mail address.

**National Center for Faculty Development and Diversity**

The **National Center for Faculty Development and Diversity** (NCFDD) provides professional development resources including webinars on a range of topics including meeting goals, improving writing regimens and balancing careers with children and other responsibilities. You can sign up for a free institutional sub-account membership to the NCFDD using your UCI e-mail address.
Additional Campus Resources for Postdoctoral Scholars

The following pages are a compilation of resources available to Postdoctoral Scholars and is comprised of six sections. A digital version of these booklet is available on the Graduate Division-OPA-Orientation webpages.

1. Getting Settled and Connecting
2. Health and Wellness
3. Academic Support and Research Equipment
4. Professional Development
5. Administrative and IT Support
